

# THE COMPLETE LINE OF FLASHLIGHTS

**“STROBE THEIR  
SIGHT CONTROL  
THE FIGHT!”™**

**120 LUMENS!**

## THE GLADIUS® MAXIMIS™

**PATENTED**

The GLADIUS® MAXIMIS™ light features a patented multifunction tailcap that allows the operator to quickly select various modes with intuitive, user friendly, one-finger operation. Get the upper hand in low-light combat situations when using the GLADIUS® MAXIMIS™.

Features include:

- New improved design boasts 120 Lumens!
- Momentary Switch, Constant On, Strobe, Dimming, and Lock-Out
- Lithium battery powered, high-output LED
- Extremely water resistant
- Rugged aluminum body
- Perfect for handheld use, even in close quarters conflict
- Robust enough for weapon mounted applications

### Size & Weight Specifications:

Max Output	120 Lumens
Bezel & Tailcap Diameter	1.25"
Body Diameter	1"
Length	6.23"
Weight (with/without batteries)	5.5 oz / 4.3 oz
Runtime	90 min
Battery	(2) 3-Volt CR123A
Bulb	LED
<b>Part Number</b>	<b>75200BK</b>
<b>Price</b>	<b>\$249.99</b>

## NIGHT-OPS® XIPHOS™ NT WEAPONS MOUNTED LIGHT

### XIPHOS™ NT WEAPONS MOUNTED LIGHT - WITH THE CREE XRE BULB

Designed for one-hand activation, the XIPHOS™ NT features a patent pending Cam-Clamp mount that allows the user to quickly install the light onto nearly any rail weapon mount without the need for tools. The Cam-Clamp eliminates the need to slide the light down long rails. Installs directly in desired location instantly.

Features include:

- Momentary Switch, Constant On, Strobe, and Low Battery Indicator
- Duplicate ambidextrous operation of ALL programmed functions
- Over two hours of total runtime
- Incredibly lightweight – won't change the feel of your weapon
- Waterproof up to 10 Meters
- High impact, resistant LIFETIME LED resists high G-forces from recoil and drops
- Anti-reflective glass lens ensures maximum light output
- Intelligent circuit design eliminates afterglow
- No tools required for installation or battery removal
- Injection molded carbon fiber/polymer body
- Corrosion-resistant black anodized aluminum
- Stainless steel with black oxide finish metal

### Size & Weight Specifications:

Max Output	90 Lumens
Diameter	1.1"
Length	3.1"
Weight (with/without batteries)	1.9 oz / 2.5 oz
Runtime	120 min
Battery	(1) 3-Volt CR123A
Bulb	LED
<b>Right Hand Version 75204BK-R</b>	<b>\$199.99</b>
<b>Left Hand Version 75204BK-L</b>	<b>\$199.99</b>

### LEVEL 3 SERPA® LIGHT BEARING DUTY & TACTICAL HOLSTER + XIPHOS NT WEAPON LIGHT COMBO

#### SAVE \$50 WITH SPECIAL COMBO PRICE (PATENT PENDING)

Now you can get both the Level 3 SERPA Duty or Tactical Holster and the Xiphos NT Weapon Light bundled together for convenience. This package gives you everything you need to complete your duty rig.

### ALLY™ PL3

Features include:

- Modes of output: Momentary Switch and Constant On
- Illuminates objects and targets up to 85 meters away
- Ideal for high output tactical needs, hunting, or personal carry
- Utilizes the latest generation of CREE XR-E bulbs to give you the smoothest beam of light possible

<b>Price</b>	<b>\$174.99</b>	<b>\$169.99</b>

### CONQUEST™ PL-3

The CONQUEST™ PL-3 is the first lighting tool designed specifically for hunters and outdoorsmen. The light projected by this 3-watt LED allows the hunter to observe his surroundings in diminished lighting conditions while not disturbing the wildlife. Available with either red or green LEDs, neither of which is easily recognized by most animals. Ideal for observing objects up to 70 meters away. Additionally, the green LED light is a useful tool for self-defense purposes as the intense green light projected is difficult for humans to look into at night.

#### Size & Weight Specifications:

Max Output	85 Lumens
Diameter	1.34"
Length	5.12"
Weight (with/without batteries)	4.23 oz / 3.0 oz
Runtime	4 Hours
Battery	(2) 3-Volt CR123A

**LEGACY™ L6-P**

Compact, high intensity, LED flashlight produces a smooth, intense, prefocused, high quality beam with over 90 lumens of light output.

Features include:

- Momentary Switch and Constant On
- Durable polymer, LED version of our popular Legacy X6
- Uses the latest generation of CREE-XR-E bulb to give the smoothest beam of light.
- More light output and runtime than any other light of its size

**Size & Weight Specifications:**

Max Output	90 Lumens
Diameter	1.25"
Length	5"
Weight (with/without batteries)	4.3 oz / 3.1 oz
Runtime	2 – 3 Hours

Runtime	2 Hours
Battery	(1) 3.6-Volt Lithium Ion
Bulb	LED
<b>Part Number</b>	<b>75FL009BK</b>
<b>Price</b>	<b>\$279.99</b>

## FLASHLIGHT ACCESSORIES

### BLACKHAWK!® PRESSURE REMOTE TAPE SWITCHES

This replacement tail cap assembly features a remote tape switch that allows many BLACKHAWK! Night Ops lights to be easily converted to weapon-mounted lighting tools (one-inch flashlight mount required). The 2 3/8-inch pressure pad attaches to your weapon with a set of adhesive Velcro® patches (included), allowing it to be positioned for optimum ergonomics. The 11-inch cord provides just enough length for convenient placement of the switch without any excess that could interfere with weapon operation. The cord attaches to the tail cap with a mini plug connector which reduces cord fatigue and allows the light to be quickly removed for maintenance and battery replacement.

Compatible with the Legacy X6, Legacy XR7, Legacy L6R, Ally PLR, and Conquest PL3.

75AS001

\$59.99

### BLACKHAWK!® TACTICAL LIGHT POUCHES

- Unique hybrid design allows for either belt or MOLLE
  - Belt loop has hook and loop inside for lateral stability
  - Can fit belts up to 2.5" wide
  - Includes speed clip for mounting on MOLLE
  - Funnel-shaped design helps prevent tail cap switches from accidental engagement
  - Hook and loop closure on flap
  - All available in Black (BK), Coyote Tan (CT), or Foliage Green (FG)
- \*Duty Pouch (44A202BK) only available in Black
